

Enzon Enhances Governance with the Addition of a New Non-Executive Chairman and New Independent Director

BRIDGEWATER, N.J., Jul 23, 2009 (BUSINESS WIRE) -- Enzon Pharmaceuticals, Inc. (Nasdaq:ENZN) announced that in an effort to enhance corporate governance, it has added a new position of non-executive Chairman of the Board. The Company has also expanded the board with one new independent Director.

The Board of Directors has appointed Dr. Alexander J. Denner as non-executive Chairman of the Board, effective immediately. Dr. Denner was recently elected as a Director at the Company's annual meeting in May 2009. Jeffrey H. Buchalter, who served as executive Chairman will continue to serve as a Director as well as President and Chief Executive Officer. This change separates the role of CEO and Chairman and is in line with current governance best practices.

Also today, Harold J. Levy, senior executive of Iridian Asset Management LLC, has joined the Company's Board of Directors. Iridian is Enzon's largest shareholder with beneficial ownership of approximately 18 percent.

"I look forward to Alex Denner's and Harold Levy's contributions in their new roles and appreciate their ongoing confidence in our strategy. Enzon is well positioned today thanks to the efforts of our management team, employees and Board of Directors," said Jeffrey Buchalter, Chief Executive Officer and President of Enzon. "I remain committed to leading Enzon through the next steps of its development."

"Enzon has demonstrated its commitment to good governance and constructive collaboration with shareholders," said Dr. Denner. "The Board, whose members now represent more than 25% of the Company's total ownership, supports Jeff as the chief executive officer of Enzon. His leadership is an important part of realizing Enzon's strategic plan and value potential."

"Iridian believes strongly in Enzon," said Mr. Levy. "I look forward to serving on the Enzon Board."

Dr. Denner further stated: "I would like to thank the DellaCamera Group for their suggestions about enhancing shareholder value at Enzon and look forward to continuing the communication with all shareholders."

Further, the Company amended its shareholder rights plan to allow up to a 19% ownership threshold for any shareholder or group of shareholders, removing the previous distinction between schedule 13D and 13G filers.

Additional Information and Where to Find It

Enzon Pharmaceuticals, Inc. ("the Company") and its directors, and certain executive officers may be deemed to be participants in the solicitation of consent revocations from stockholders in connection with a consent solicitation (the "Consent Solicitation") that DellaCamera Capital Management, LLC and certain affiliates have stated that they intend to conduct. About Enzon

Enzon Pharmaceuticals, Inc is a biopharmaceutical company dedicated to the development, manufacturing, commercialization of important medicines for patients with cancer and other life-threatening conditions. Enzon has a portfolio of four marketed products, Oncaspar(R), DepoCyt(R), Abecet(R) and Adagen(R). The Company's drug development programs utilize several cutting-edge approaches, including its industry-leading PEGylation technology platform used to create product candidates with benefits such as reduced dosing frequency and less toxicity. Enzon's PEGylation technology was used to develop two of its products, Oncaspar and Adagen, and has created a royalty revenue stream from licensing partnerships for other products developed using the technology. Enzon also engages in contract manufacturing for several pharmaceutical companies to broaden the Company's revenue base.
